

General Farm Worker Apprenticeship

Apprenticeship

The broad purpose of the occupation is to support the operation of farm enterprises through maintaining a culture of health and safety, biosecurity, engaging with third parties, maintaining crop, animal handling and health, maintenance and cleanliness of machinery.

The General Farm Worker will typically be required to drive farm vehicles and must hold the appropriate license. The individual will work alongside the supervisor, supporting daily operations for the farm enterprises including identifying and maintaining animal or plant health performance, conducting routine tasks and assisting with general record keeping practices. The individual will manage the storage of forage and crop, minimising waste and disposing of necessary waste appropriately. Animal welfare and risk awareness and prevention are integral to this occupation.

This apprenticeship will be delivered by block week college attendance with one to one farm visit assessments incorporated in the programme.
