

Animal Care Certificate

16-19

Adult

If you ask anyone why they want to study animals, the chances are that it is because they love them and want to work with them! If this is you, then this course could be the ideal first step into your career in the animal care industry.

Our specially designed animal husbandry school is set in the beautiful grounds of Bicton, boasting an impressive collection of animals, with over 150 different species.

This course gives you experience and confidence with working with a range of domestic and exotic species, you will get to study and work alongside an array of animals from lemurs and coatis, to llamas and snakes.

Health checking, nutrition, preparing accommodation and even dissections are just some of the essential skills you will learn as you progress through this one year course.

As a level 2 Course, it is ideal should your GCSE results not be what you expected, or if you prefer a course with a mixture of assignments, practical and exam based assessments. This is also the best option for progressing onto the level 3 course. You will be learning from our experienced lecturers and technical staff, who have worked in the industry before and can pass on the skills to help you pursue your career in the animal care industry.

Caring for animals is an extremely fulfilling and rewarding career. From working in kennels and catteries, pet shops or rescue centres, there are a wide range of careers available on completion of this course.

As part of your course, you will be required to carry out work experience in an animal care establishment of your choice, giving you 'real life' experience of what it takes to work in the industry, as well as being able to enjoy visits to local zoos and wildlife parks.
